That worked! Thanks for the quick reply. Good luck with that evaluation/comment letter. Do you know whether Shannon has made much headway on the service area and credit determination aspects of Soquel? I assume whatever comes out of that will influence Petersen.

Hey Paul!

I'm excited its out but not excited to write the initial evaluation/comment letter...oy. did you open the email in HTML? I know one other person had access issues getting to the actual PN pdf via the email that was sent but he wasn't viewing it in HTML. If in HTML, the link is a "www" link and not an internal spl link. however, getting a photo viewer error message is bizarre!! try this link and let me know:

Hey Brie,

I bet you are glad to have the Petersen Ranch Prospectus out finally. Just in time for the holidays!

So you know, I received an error when I tried to open the pdf. I included a screenshot below. It may be a problem on my end but if you are hearing from others then maybe the link has an error.

Paul
